

## ABOUT US:

---

BURWOOD RSL SUB-BRANCH PIPES AND DRUMS is one of the newest Pipe Bands in Australia. Established in 2005.

The Pipes and Drums, at full complement, consist of 12 Pipers, 9 Drummers and a Drum Major. We are sponsored and supported by the BURWOOD RSL SUB-BRANCH in Sydney, Australia and provide a loyal, civilian clientele with a reliable source of the musical support.

The majority of foundation members are ex Australian Army Reserve and have joined together in this new band to be able to bring their musicianship and experience to the Public. In addition to parades and commercial events, the band competes regularly in local Pipe Band competitions, with a strong record of success.

The Pipes and Drums are now looking for Pipers and Drummers, of any experience, to Boost their ranks. Improve your skills or maybe Add to your experience and lift this new Band.

The Band meets every Monday night from 7PM to 9.30PM for practice and training with individual, section or core group practices. In tradition with Pipe Bands around the world, and to pass on the craft to future generations, lessons are available for interested and conscientious persons.
